# Why choose a Ci Cartridge Filter?

The Oasis Ci Cartridge filter, a premium grade product, is able to filter finer particles than a traditional sand filter.

## Smart Design

Smart design allows for easy installation. Large easy to use lock ring makes it easy to maintain. A unique inlet weir improves the cleaning ability of the filter, reducing the frequency of cleaning required.

## Excellent Durability

It has a simple, solid one piece tank that is strong enough to handle the harsh Australian conditions. The clever design increases flow rates making the units run efficiently.

## Easy to use

Cleaning and maintenance is done without backwashing, saving you water, chemicals, and money.

## Range of Sizes

Four sizes to choose from to suit your systems requirements.

## Warranty

**Tank:** 5 years

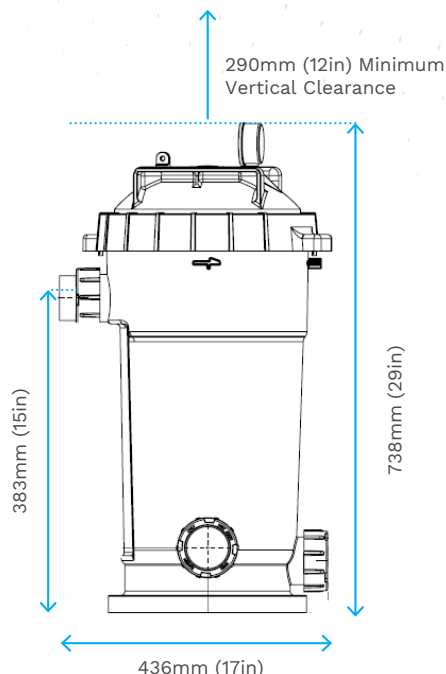

**Element:** 1 year

## Specifications

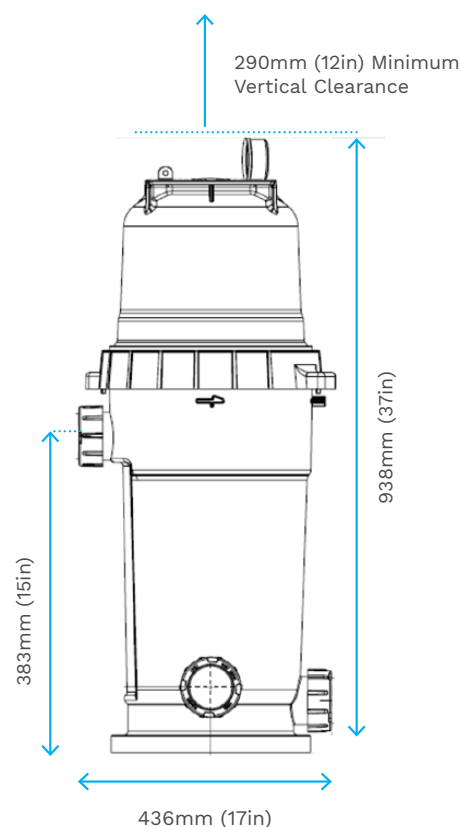

Model	Filtration Area (m <sup>2</sup> )	Max Flow Rate (lpm)	Turnover Capacity 8 Hours (Litres)
