Pool Pro MineralX is a complete mineral blend designed to maintain your salt levels on its own, no additional salt needs to be added to the pool when using this product.

**Recommendation:**

For optimal results we recommend using MineralX with an Oasis CX chlorinator operating at a TDS of 3,000 - 3,500ppm.

This product can be used with other branded chlorinators. Please check the TDS requirements of your individual system.

**General Directions:**

Add 10kg of MineralX per 10,000L of pool water, to raise the TDS by approximately 850ppm.

**Example:**

For a 50,000L pool add 50kg of MineralX to raise the TDS by approximately 850ppm. This is a guide only.
