Part of the  Sunlover group

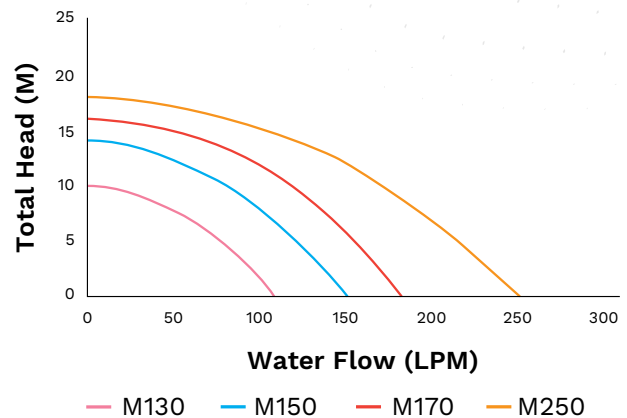

The Oasis M Series pumps are ideally suited to smaller systems such as above ground pools, spas and solar applications.

The units are built to a high standard and focus on reliability and durability with features including a stainless steel pump shaft, a lapped true carbon face, ceramic seal and stainless steel assembly nuts and bolts. These high quality components ensure reliability and a long life.

Key Features

- > Large strainer basket for debris removal requires less frequent cleaning.
- > Non return flap for solar applications to prevent backflow.
- > Self aligning inlet and outlet barrel unions for both suction and discharge ports providing quick and easy installation.
- > Australian Made.

M Series Performance Curves

Technical Specs

Model	Horse Power	Flow Rate at 8mtr Head	Volts Phase	Full Load Amps	Watts Input	Max Noise dB(A) at 1mtr
M130	0.3	120	240/1	1.80	400	52
M150	0.5	150	240/1	2.87	650	55
M170	0.75	170	240/1	3.30	710	58
M250	1.0	250	240/1	4.02	910	60
