B-Natural Ozone Generator

**Upgrade your pool water
and experience noticeable
better water quality.**

Gentle on Skin, Eyes and Lungs

No Harsh Irritants

Lower chlorine levels mean no stinging eyes, dry skin, or strong chemical odours.

Safe for Sensitive Skin

Ideal for people with eczema, allergies, or respiratory issues.

Powerful, Natural Purification

Destroys Contaminants

Ozone (O_3) is a powerful oxidiser that breaks down bacteria, viruses and other harmful contaminants faster and more effectively than chlorine.

Reduces Chemical Use

Because Ozone handles most of the disinfection, you need far less chlorine, resulting in fewer harsh chemicals and byproducts in the water.
